

Success formula?

Goal Setting... but only after you have accurate and timely data and have considered all alternatives.

amanda klye

experience

Amanda Klye has over 6 years experience as an accountant dealing one-on-one with clients.

Amanda's experience, maturity and professionalism, equips her well to interpret clients needs, devise appropriate solutions and deliver the right results.

Amanda prides herself on exceeding client expectations, whether it is in the timeliness of delivery on projects or pro-actively offering specialist advice when the situation requires.

She is experienced in the provision of operational advice on accounting, tax compliance and business matters.

Amanda promotes the discipline and importance of regular reporting and analysis of your financial position. Only then can you make informed business decisions, after weighing all the alternatives.

Amanda is an accomplished small business advisor.
